No CAN Do!™

Behavioral Training Kit

The Simple, Permanent Solution To Stopping Bad Behavior in Dogs!

Pet Overpopulation:

- Over 96% of dogs given up by owners to shelters had not received any obedience training. (*National Council on Pet Population 2007/2008*). Because the majority of dogs do not receive training, sadly, millions of potentially great dogs are euthanized each and every year in the US, simply because no one took the time to train them!
- The "No CAN Do Behavioral Training Kit" was developed for exactly this reason. Even if a dog has not been formally trained to sit, stay, heel, etc.; we have found that dog owners will keep a dog if they can find a solution to stopping his most annoying or destructive behavior.

Our Mission:

- To save as many of our loving canine companions as possible from the terrible fate of being abandoned, given up to shelters and euthanized, because of bad behavior dog owners don't know how to control.

Pet Market:

- Americans spend over \$41 Billion a year on their pets. Expected to reach \$52 Billion in the next two years (*Business Week, Aug 6, 2007*)
- 80 million households own pets.
- 63% of total US Households own at least one pet (*Pet Manufacturers Association*).

No CAN Do™ Training Kit Includes:

- Complete Training Instruction Booklet
